

## NEW HEART

Obsessing with relations, pretending it was real.  
Fulfilling expectations, that was just the deal.  
My heart was in the right place, I wanted You to know.  
I yearned for Your love and grace, but I could never show that

I didn't have it so I felt weak, and I stayed silent I did not speak.  
Led You to believe it was my heart upon my sleeve  
but You always know what's going on in me.

**You always stand beside me,  
You always know what I need,  
You always see what I see,  
You always hear when I breathe.**

Was broken from temptation, and ignoring what was right.  
Woke to revelation, but tired of the fight.  
Was my heart in the right place? How was I to know?  
You gave me Your love and grace but then I let it go.

Now I went searching all over again  
and You told me You'd be with me till the end.  
So why is it so hard for me to simply let You in  
when You're already there, already patiently waiting.

*Now I see, there's a problem,  
so set me free and let me love You.  
I want to be just like You are.  
You're the key, to my new heart.*

## ONE FOR ME

Take a step back, reflection.  
What is real? Perception.  
I need saving, yeah  
'cos my faith is fading, yeah.  
What's going round in my mind?  
When did I let go? So blind.  
I need saving, yeah  
'cos my faith is fading, yeah.

**I was trying so hard  
but I lost sight of my heart,  
You were the one yeah,  
You were the one for me.  
I thought that I had to be  
a perfect version to see,  
You were the one yeah,  
You were the one for me.**

It's okay not to know what's going on.  
And it's okay not to know what's going wrong.  
'Cos the world will test you and make you  
doubt everything you thought you knew.  
But deep down people still need you,  
we're all searching for the truth.

He was too young to understand  
what he got himself into.  
From sinner to saint, saint to sinner,  
searching for a breakthrough.  
You had made him brand new.  
All things changed when he saw Your face.  
Rearranged, great things about to take place.  
A broken heart you replaced, his past he had to face,  
lying to himself, feeling disgraced.

Living a facade left a bitter taste, judgement was pending  
Venomous shots they were sending.  
His call he was wrestling, his soul he was wrecking  
This battle, he was begging it to stop.  
Pain to great looking for an out.  
"Be still child, rest in me, hold out".  
He tried clinging to the light, he knew he had to fight,  
it was time to delight and claim his birth right.

He didn't need to be afraid, just needed to stay prayed  
then he'd never get played.  
His fears had gone, faith he had to act on.  
Joy was found, a child was crowned.  
Rise, be bold, his past drowned.  
Love took hold, home bound.  
To know You were there in the hard times,  
to know You loved him for a lifetime.

Your name, on his heart, You had engraved.  
Unconditional type of love ingrained.  
He didn't need to masquerade  
'cos You knew him through and through,  
when he needed help it was You he came to.  
His heart had been claimed,  
a father he had gained.  
Unashamed, unashamed, unashamed.  
He goes hard for the one he loves,  
living to proclaim His name.  
You were the One.

## FACE OF LOVE

I've seen the face of love, it looked right at me,  
it looked right into me, I'm thinking it must be  
some kind of angel from above,  
such beauty, s'like a movie,  
love story I'm moving.

**Let's take it slow this time,  
let's get it right, no borderline,  
let's let our hearts align,  
Oh, Oh, Oh, this feeling is in overdrive,  
it makes me come so alive,  
that's how I know, I know that this is right.**

**You say "come, get to know me more,  
what are you waiting for?  
My heart is already yours.  
I want you to see  
what you are to me.  
I promised I'll never leave".**

My heart's all in it now, not letting fear in,  
this is living but I've got this feeling  
that it is easier said than done,  
but You're with me, I'm believing,  
I'm receiving.

**God, I wanna get to know you more,  
what have I been waiting for?  
My heart is longing for Yours.  
I want you to see  
what you are to me.  
I know that you'll never leave.**

*So take me to new places.  
Show me what you want for me.  
Surrounded by Your graces,  
You're the face of love.*

*Loving You replaces  
the story that the world told me.  
Forever sing Your praises,  
'cos You're the face of love.*

## **ALL I AM IS YOURS**

Yeah I'm here 'cos  
You showed me something.  
Got a reason to believe  
that's got my heart pumping.  
Shaken by love it's mind blowing  
and I want to see more.

Give me vision, give me twenty-twenty  
'cos I wanna see it clearly  
what You've got for me.  
I've gotta have faith no uncertainty  
'cos I want to be more.

**Got me feeling this way, I gotta sing  
You're the name that can save,  
my everything.  
I'll be chasing always, I'm offering  
all I am, 'cos all I am is Yours.**

I'm seeking first the kingdom,  
not a slave to fear  
yeah I'm living in freedom.  
This is the life for me,  
it's who I was made to be.

So let my light shine for Your glory,  
I wanna be a witness, wanna tell my story.  
Let Your hope be heard all over the world.

*Yours is the victory  
so it's you I'm living for.  
Yours is the glory.  
All I am is Yours!*

## HALLELUJAH

You took my heart and soul  
and set me free.  
Showed me a brighter world  
than I could see.  
You defeated death,  
now I believe.  
You pulled me out of darkness,  
now I can breathe.

**Climbing higher and higher  
I've reached the top,  
I'm singing hallelujah.  
Now there's this feeling inside me  
that I cannot stop,  
it is the rhythm of love.**

You took me by the hand,  
now I'm secure.  
Showed me how to fly;  
with You I soar.  
You promised life eternal,  
life for evermore.  
You promised You would catch me  
when I fall.

*It is the rhythm of love,  
I'm singing hallelujah.*
